

STRONGARM®

LONG CHASSIS SERVICE JACK – MANUAL

Built for demanding lifting applications, this long-chassis floor jack combines extended reach, high lift capacity, and the Lightning Lift™ hydraulic lift system to handle trucks, buses, RVs, trailers, and commercial fleet vehicles. Its reinforced steel construction delivers the durability, stability, and control professionals rely on every day.

Long-Chassis Design
Provides superior access to deep lift points on long-wheelbase vehicles

Reinforced Steel Frame
Delivers long-lasting durability and load stability under heavy loads

Precision Hydraulic Release Valve
Ensures smooth, controlled lowering under load

Front Rollers & Rear Swivel Casters
Allow easy positioning under heavy vehicles

Ideal for Professional Shops & Fleet Service
Designed for trucks, buses, RVs, trailers, and commercial vehicles

LARGE 5.12" STEEL SADDLE
PROVIDES SECURE CONTACT WITH AXLES AND FRAME RAILS

LIGHTNING LIFT™ HYDRAULIC LIFT SYSTEM
RAISES THE SADDLE QUICKLY WITH FEWER PUMP STROKES TO IMPROVE PRODUCTIVITY

25.6" MAXIMUM LIFT HEIGHT
PROVIDES THE EXTENDED LIFTING RANGE NEEDED FOR HEAVY-DUTY TRUCKS, BUSES, RVS, AND TRAILERS
