47" FOLDING MECHANIC'S PAD

This 47" folding mechanic's pad offers generous space and 1.57" thick high-density foam for all-day comfort while lying or kneeling. Durable vinyl upholstery resists shop chemicals and cleans easily. It folds in half for compact storage or added padding, making it ideal for efficient work in garages and repair shops.

Conveniently folds in half for compact storage or provides extra padding when kneeling or sitting.

The 47" length offers outstanding comfort, whether you're lying down or kneeling on the job, providing ample space for extended tasks.

Ideal for use in garages and repair shops, enhancing efficiency during vehicle maintenance and repairs.

1.57" thick high-density foam delivers superior comfort, helping you stay focused during long hours of work.

Tough vinyl upholstery resists common shop chemicals and wipes clean with ease, making maintenance a breeze.
