GRIPPRO™

THE EASY SOLUTION TO REDUCE SLIP AND FALLS

There were 20,460 reported ice-, sleet-, and snow-related worker injuries in 2017[1]

Slips and falls are one of the leading cause of workers' compensation claims and occupational injury

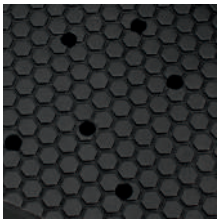

25% of slips and falls result in more than 31 days away from work[2]

The average cost due to winter slip-fall injuries at work is $54,499 per incident

By preventing ONE slip and fall injury at average cost, you could outfit 1,600 employees with a $30 ice or snow traction aid

[1]*US bureau of labor statistics*

Natural rubber material with a proprietary polymer blend maintains flexibility up to -65°F / -54°C

22 patented hi-vis chevrons per pair are strategically placed to increase grip and reduce the risk of slips and falls

Spikeless design provides easy transition from outdoor to indoor without damaging the walking surface

Specially designed treads channel water away to deliver enhanced traction on wet and icy surfaces

Flexible slip-on design fits snugly over boots and shoes

Easy on/off pull tab provides quick adjustment
