GRIPPRO™

THE EASY SOLUTION TO REDUCE SLIP AND FALLS

There were 8,000 reported ice-, sleet-, and snow-related worker injuries in 2017[1]

Slips and falls are one of the leading cause of workers' compensation claims and occupational injury

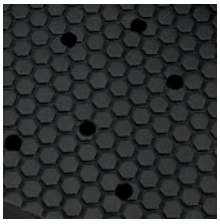

65% of slips and falls result in 18% of time-loss injuries[2]

The average cost due to winter slip-fall injuries at work is $59,000 per incident

By preventing ONE slip and fall injury at average cost, you could outfit 1,900 employees with a pair of traction aids

[1]*Canadian Institue of Health Information*
[2]*Association of Workers Compensation Boards of Canada, 2016*

Natural rubber material with a proprietary polymer blend maintains flexibility up to -54°C

22 patented hi-vis chevrons per pair are strategically placed to increase grip and reduce the risk of slips and falls

Spikeless design provides easy transition from outdoor to indoor without damaging the walking surface

Specially designed treads channel water away to deliver enhanced traction on wet and icy surfaces

Flexible slip-on design fits snugly over boots and shoes

Easy on/off pull tab provides quick adjustment
