SKYLOC® II WILDCAT: HARSH ENVIRONMENT SERIES, 50'

4302050-1

Functionally and visually identical to the original SkyLoc® II, but all of the metallic components are constructed from durable stainless steel, making them a perfect solution for harsh environments or prolonged exposure to the elements.

KEY FEATURES:

- Resilient stainless steel components
- Fiberglass-reinforced nylon housing
- Load-bearing steel frame
- Over-sized steel anchor swivel
- Patented, non-centrifugal FailSafe™ locking mechanism
- Lightweight and incredibly rugged
- Exceeds the Class 1 requirements of ANSI Z359.14-2021
- Exceeds the requirements of OSHA 1910 and 1926
