

AMERICAN FORGE & FOUNDRY

TIRE BUFFER WITH EXHAUST HOSE

Built for precision and durability, this tire buffer delivers controlled speed and reliable performance for professional tire repair. Its lightweight, ergonomic design and optimized RPM range help prevent overheating and over-buffing, making it ideal for preparing inner liners, patchwork, recapping, and detailed cleaning tasks. A must-have for tire repair!

7300

OPTIMIZED RPM RANGE
DELIVERS SAFE, PRECISE BUFFING
WITHOUT OVERHEATING THE INNER LINER

COMPACT, LIGHTWEIGHT DESIGN
