

AMERICAN FORGE & FOUNDRY

5-TON FLAT BODY RAM KIT

Handle body and frame repairs with confidence using this 5-ton flat body ram kit. Its ultra-low-profile cylinder reaches confined spaces where standard rams can't, while stackable adapters and durable construction provide versatile, reliable pushing power for collision repair, alignment, and industrial applications.

5-Ton Pushing Capacity
Delivers dependable force for body, frame, and alignment repairs

Multiple Adapters Included
Handles a wide range of repair applications

Compatible with 4-Ton & 10-Ton Systems
Integrates easily with common collision repair equipment

Ideal for Body Shops & Garages
Designed for collision repair and industrial applications

STACKABLE ADAPTER SYSTEM
EXPANDS VERSATILITY WITHOUT ADDITIONAL RAMS OR CUSTOM SETUPS

ULTRA-LOW-PROFILE DESIGN
MAXIMIZES ACCESSIBILITY IN RESTRICTED WORKING AREAS
