SKYLOC® II SELF-RETRACTING LANYARD, 100'

4000100-1

The SkyLoc® name has always been synonymous with durable, reliable performance. The new SkyLoc® II Series is built on that reputation, but we've added features that make this series safer, and easier to use than ever before.

Our new lightweight, fiberglass-reinforced, stackable nylon housings include things like a big carry handle opposite a flat surface, making the units easier to transport and store. A swivel connection on top combined with a swivelling snap hook means no twisting on your anchorage. And a rubberized, form-fitted cable grip makes feeding out cable a snap.

KEY FEATURES:

- Fiberglass-reinforced nylon housing
- Load-bearing steel frame
- Over-sized steel anchor swivel
- Patented, non-centrifugal FailSafe™ locking mechanism
- Lightweight and incredibly rugged
- Exceeds the Class 1 requirements of ANSI Z359.14-2021
- Exceeds the requirements of OSHA 1910 and 1926
