

DEFENDER® FR/ARC/ANTISTATIC 300D OXFORD TRILAMINATE SAFETY JACKET - HI- VIS YELLOW/GREEN - 2XL

Product # V2590160-2XL | Model # 4485

The Defender is made from the best combination of fabric available today to keep you dry in harsh weather extremes and protected when working in potentially hazardous work environments.

- **Material** – Made from the best combination of fabric on the market, "The Defender" Rainwear Jackets are constructed with an FR/ARC tri-laminate material.
- **Certifications** – The hi-viz jackets meet ANSI/ISEA 107-2020 Class 3 Type P and R standards and are CSA Z96-15 Class 2 Level 2 certified - becoming Class 3 when worn with Hi-Viz pant featuring reflective leg bands. The jackets meet CGSB 155.20-2017 Workwear for Protection Against Hydrocarbon Flash Fire – FR Rainwear Standard and have an ARC 2 rating: ATPV 11 cal/cm², EBTAS 19 cal/cm², HAF 73%.
- **Design** – Designed to provide 4 levels of safety, "The Defender" rainwear jackets are 100% waterproof, meet FR ASTM F1891-19 standard specifications for ARC and flame-resistant rainwear, and provide anti-static protection.
- **Pockets** – The jackets include multiple pockets to accommodate various small tools with 2 lower pockets with flap closure, 2 pen slots on the right side, 1 concealed chest FR zipper cell pocket on the left side, and a radiophone clip strap.
- **Features** – Inclusive of a full-front 2-way FR brass zipper with a storm flap, the jackets are designed to provide the ultimate comfort to the user. The stand-up protective collar with the chin guard and the 3-pc multi-adjustable hood makes this rainwear the ideal safety jacket for all your high-visibility rain gear.
- **Sizes** – Available in high-visibility orange and yellow, "The Defender" Rainwear Jackets are sold in sizes ranging from S-5XL.
