

RELENTLESSLY
RELIABLE.

SEALED HEAD RATCHETS

Experience superior access, strength, and durability with our precision-engineered 120-Tooth Ratchet—designed for professional performance in the toughest environments.

Ultra-Fine 120-Tooth

Mechanism: Delivers a 3° swing arc, allowing maximum efficiency and control in tight or restricted spaces.

Sealed Head Design:

Keeps lubrication in and dirt out, ensuring a long service life and smooth, skip-free operation.

Exceptional Strength:

16 pawl teeth engage the gear simultaneously, delivering up to 2x the ANSI torque rating for unmatched reliability under heavy loads.

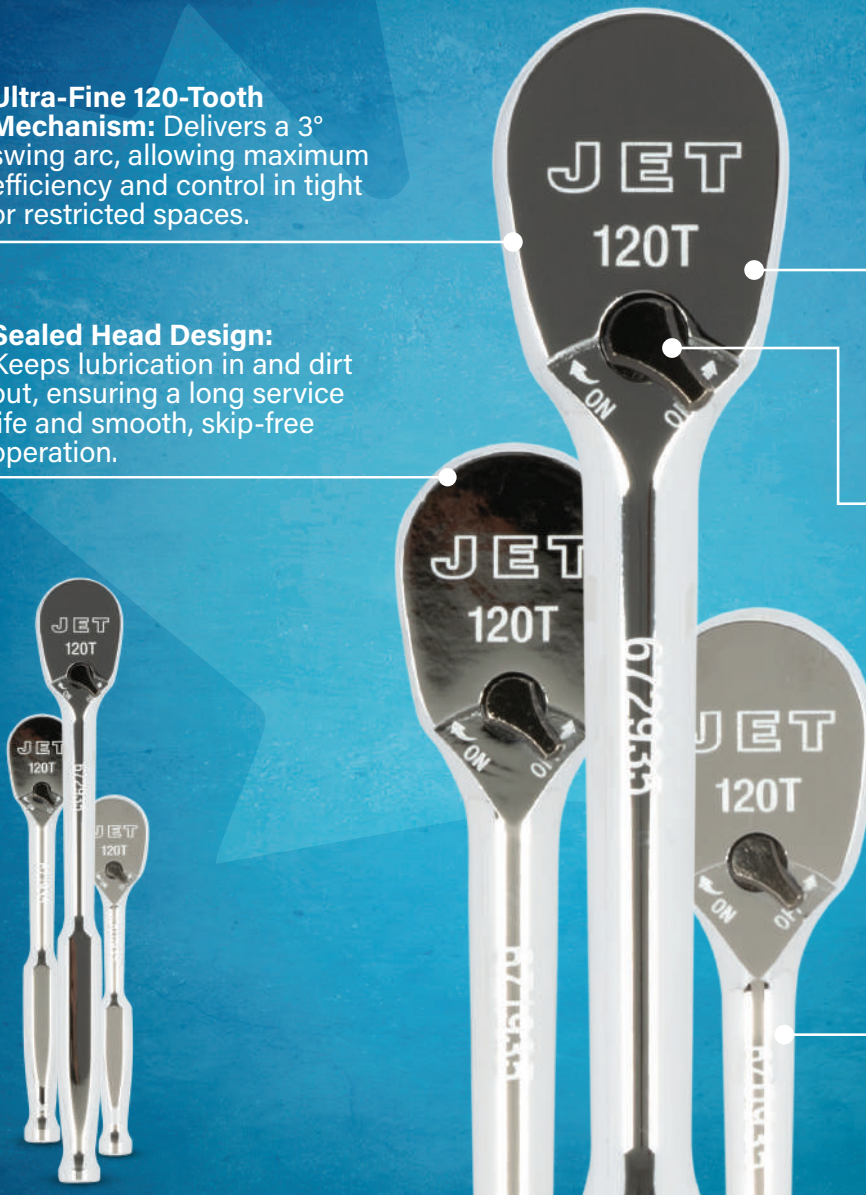

Low-Profile Direction

Switch: Flush-mounted for easy use in confined areas without snagging or interference.

Ergonomic Steel Handle:

Contoured for comfort and control, providing a secure grip for all-day use.

ENGINEERED FOR PRECISION. BUILT FOR STRENGTH. READY FOR ANY CHALLENGE.
