

HI-VIS SOFTSHELL SAFETY JACKET WITH BLACK TRIM

Built for tough conditions, this 300 GSM 3-layer softshell combines a hi-vis water-resistant outer with a warm, brushed fleece inner for comfort and protection. A removable 3-piece hood, full-length zip with chin guard, and adjustable toggles ensure a secure, customizable fit, while segmented reflective tape, laser-cut chest trim, and zip pockets provide visibility and practical storage.

BUILT FOR THE ELEMENTS

DURABLE

Built with 300 g 3-layer laminated softshell for tough, water-resistant, breathable performance. Fully sewn and serged seams add long-term durability.

COMFORTABLE

Designed to move with you, the flexible fabric delivers unrestricted comfort, enhanced by a fleece lining, rib-knit cuffs, chin guard, and fleece-lined collar.

HI-VIS

High-contrast hi-vis fabric and segmented, heat-applied reflective tape with bold black trim maximize visibility on the job.

VERSATILE

Removable 3-piece hood with hook-and-loop chin closure offers adjustable coverage and a secure, comfortable fit.

COMPLIANT

Meets CSA Z96 Class 2 and ANSI/ISEA 107 Class 3
