

40" Low-Profile Creeper Owner's Manual

Prod. No. 355117
Mod. No. JLPC-3922

Capacity:
400 lbs

WARNING

- Read, understand, and follow all printed materials provided with and on this product before use.
- Do not exceed rated capacity of 400 lbs. Rated capacity consists of: one person, tools and equipment totaling 400 lbs.
- Use on smooth, level, seamless surfaces only.
- Sit down gently. Avoid shock loads caused by jumping or falling onto seat.
- Do not stand on this product.
- This product is not a toy, and is not appropriate for young children.
- Failure to heed these warnings may result in personal injury and/or property damage.

SAFETY AND GENERAL INFORMATION

Save these instructions. For your safety, read, understand, and follow the information provided with and on this creeper. The owner and operator of this equipment should have an understanding of this creeper and safe use/operating procedures before using creeper. The owner and operator should be aware that use and repair of this product may require special skills and knowledge. Instructions and safety information should be conveyed in the operator's native language before use of this creeper is authorized. If any doubt exists as to the safe and proper use of this creeper, remove from service immediately.

Inspect before each use. Do not use if broken, bent, cracked, or damaged parts (including labels) are noted. Any creeper that appears damaged in any way, operates abnormally or is missing parts, should be removed from

service immediately. If the creeper has been or suspected to have been subjected to a shock load (a load dropped suddenly, unexpectedly upon it), immediately discontinue use until creeper has been checked by a factory-authorized service center. It is recommended that an annual inspection be done by qualified personnel. Labels and owner's manual are available from manufacturer (see Replacement Parts, page 2).

PRODUCT DESCRIPTION

This device is designed to support rated capacity loads consisting of one person, tools and equipment totaling 400 lbs. It is intended to be used to support and transport, along a smooth and level surface, a single person for the purpose of performing automotive maintenance or service. This device is not intended, designed or engineered to be used for any other purpose.

 **WARNING:** Do not use this device for any purpose other than that for which it is expressly intended.

SPECIFICATIONS

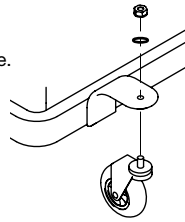

Product	Model	Rated Capacity	Overall Dimensions (L x W x H)
355117	JLPC-3922	400 lbs	40" x 25-1/2" x 4-3/8"

PREPARATION

Before beginning assembly of this product, make sure all pads are present. Compare parts with package contents list and pads diagram. If any part is missing or damaged, do not attempt to assemble or use the product. Contact your distributor for replacement parts.

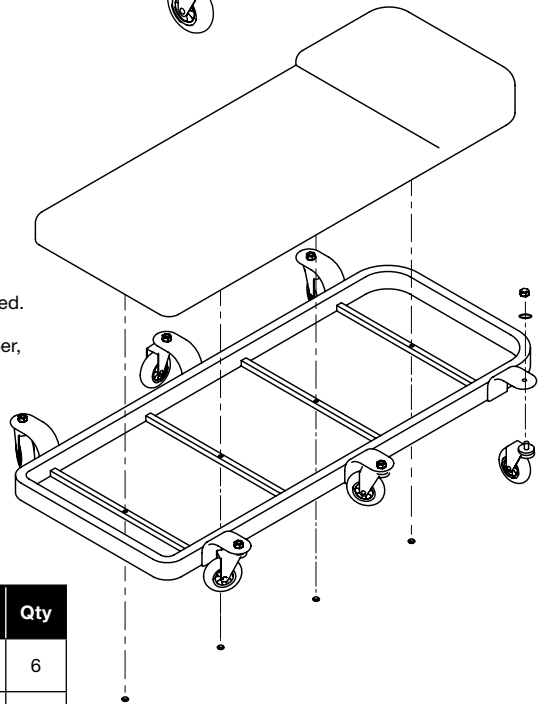

CASTER ASSEMBLY

Insert caster stud through hole in caster bracket on frame. Attach caster nut and repeat for remaining casters. Ensure casters swivel and roll easily.

REPLACEMENT PARTS

Not all components of the creeper can be replaced. Please contact your distributor for parts. When ordering parts, please provide the product number, part number, and part description. Contact your distributor for current pricing.
