

4" ANGLED TIP SAFETY BLOW GUN - HEAVY DUTY

Product # 409904 | Model # ABGO-4

- Innovative design allows trigger control air flow for all types of jobs
- Nickel plated finish resist corrosion
- Body material is plastic polyoxymethylene (POM)
- Equipped with two hang up hooks
- Nozzle Material: Aluminum
- Working Inlet Pressure: 75 — 120 PSI / 5.0 — 8.0 kgs
- Max. Inlet Pressure: 150 PSI
- Sound Pressure (dBA): 88 — 92
- Avg. Air Consumption (CFM) @ 90 PSI - 1/4" Hose: 13
- Avg. Air Consumption (CFM) @ 90 PSI - 3/8" Hose: 15
- Brass Air Inlet: 1/4" NPT female or 1/4" PT
- Temperature Range: -20° to 80°F
- Specially designed safety tip limits air blow pressure to a maximum 30 PSI - meets OSHA safety standards
