

1/4" X 50' RETRACTABLE OXY-ACETYLENE HOSE REEL - HEAVY DUTY

Product # 391746 | Model # OA1450

- All body and frame components made of superior heavy gauge steel for professional applications/installations
- All metal parts powder coated for corrosion free performance
- Reinforced L-shaped base
- Professional super duty spring mechanism for long life
- Nine position, adjustable guide arm
- Heavy duty four direction, non snag rollers
- Anti lock-out ratchet mechanism prevents reel from locking up when hose is fully extended
- Heavy duty American made, solid brass swivel fitting
- Can be wall, floor or ceiling mounted
- Standard Accessories: Hose and fittings

There are many similar looking hose reels in the market. However, these industrial quality JET reels offer heavier gauge body and frame steel components, superior American made air swivel fittings, an extra heavy duty spring mechanism (tested to 10,000 cycles) and a superior quality four direction snag roller system. Reels rated at maximum 300 PSI are furnished with rubber hose. Reels rated at maximum 2,000 PSI are furnished with S.A.E. 100 R1 AT one wire braid hose. Reels rated at maximum 5,000 PSI are furnished with S.A.E. 100 R2 AT two wire braid hose.

TECHNICAL SPECIFICATIONS

Hose Diameter (I.D.)	1/4"
Hose Inlet-Outlet (NPT)	1/4"
Hose Length	50'
Intended Use	Oxy-Acetylene
Max. Hose Pressure	300 PSI
Max. Temperature	60°C / 140°F
Min. Temperature	0°C/32°F
Product Weight	53 lb (23.85 kg)
