

10" VOYAGER NYLON ALL SEASON WATERPROOF - BLACK - L

Product # VNN1-L | Model #

The Voyager Series all-season overshoes are designed to be worn right over your everyday footwear and are made from advanced materials to provide an extra level of durability, protection, and performance when operating in the most extreme conditions. The tough yet lightweight 500 denier nylon material is water and wind resistant to provide maximum protection against wind, rain, and snow while the geometrically designed Perma tread outsole provides deep traction and maximum grip for all seasons.

- Made with advanced materials to provide a tough barrier between your everyday footwear and the harsh elements of nature
- Tough yet lightweight 500 denier nylon upper is water and wind resistant to provide maximum protection against wind, rain, and snow
- Made with an extra wide gusset for easy on and off over work boots and shoes
- Geometrically designed multi-directional Perma tread provides ideal traction on slippery surfaces and uneven terrain
- Hook and loop strap system combined with quick-release buckle and inner bootie deliver a secure and comfortable fit
- Lightweight construction helps prevent foot and leg fatigue with no bulky material to slow you down
- Multi-purpose design is orthopedic and snowshoe compatible
- Ideal for construction, surveying, fish and wildlife, farming, and the tough outdoors
