

# DIGITAL MULTIMETER

Product # 027551 | Model # IDMM-100

- 3-1/2 digit (1999 count) digital LCD display
- Low battery indicator
- Overload protection
- Designed to safety standard IEC-1010; CAT II 600V
- Includes test leads and 9 V battery
- Measures DC current, AC/DC voltage, resistance, square wave output, temperature, diode check, transistor hfe

## TECHNICAL SPECIFICATIONS

Batteries	9 V 6F22
Display	3-1/2 digit (1,999 count) LCD
Low battery indication	On LCD Screen
Operating Environment	Temp. 0°C to 40°C; < 75% RH
Over-range indication	Only figure "1" on the display
Polarity	Auto polarity indication
Product Dimensions	126 mm x 70 mm x 26 mm

Product	Approx.
Weight	125 g
Storage environment	Temp. -15°C to 50°C; < 85% RH
