

AMERICAN FORGE & FOUNDRY

HIGH-LIFT FLOOR JACK

Built with performance and durability in mind, this high-lift floor jack features the Lightning Lift™ hydraulic lift system for fast, effortless lifting. With a 24.2" max lift height and 3.35" low profile, it lifts SUVs, trucks, and sports cars with ease. A heavy-gauge steel frame, rubber saddle pad, and foam handle bumper protect vehicles, while rear swivel casters ensure smooth maneuverability. Includes a safety bypass valve to prevent overloading.

352HL
