

10" VILLAGER MID ALL SEASON NYLON OVERBOOTS - BLACK - S

Product # **VIS1-S** | Model #

Designed to fit over your existing outdoor footwear, the Villager Series combines lightweight and compact convenience with 100% weatherproof protection. With a wide gusset for easy on/off accessibility, these overshoes have a drawstring top, and adjustable buckle for a customizable fit. The nylon upper is lined with a fully waterproof membrane for puddles, mud, or slush, and the no-slip outsole will keep you stable on wet or uneven surfaces.

- Made with advanced materials to provide a tough barrier between your everyday footwear and the harsh elements of nature
- Tough yet lightweight 160 denier nylon upper is water and wind resistant to provide maximum protection against wind, rain, and light snow
- Made with an extra wide gusset for easy on and off over work boots and shoes
- Superlight outsole is made with a low-profile, durable, and lightweight design and provides maximum slip resistance on wet or uneven surfaces
- Hook and loop strap system combined with quick-release buckle and inner bootie deliver a secure and comfortable fit
- Lightweight construction helps prevent foot and leg fatigue with no bulky material to slow you down
- Ideal for rain, puddles, and light snow
