

RELENTLESSLY
RELIABLE.

LOCKING FLEX HEAD RATCHETS

Elevate Your Performance with a Tool Built for Tough Jobs. Whether working in confined spaces or demanding environments, these tools deliver unmatched precision, durability and ease of use.

108-Tooth Configuration:
Delivers a precise 3.3° swing arc--ideal for use in tight, restricted spaces.

Low-Profile Direction Switch: Flush-mounted for easy access--perfect for hard-to-reach areas.

Sealed Head Design:
Keep lubrication inside for smoother operation and shields against dirt and debris, ensuring reliable, skip-free performance.

Adjustable Handle Lock:
locks at 9 different angles and holds position securely until released, maximizing versatility and ergonomics.

Comfortable Contoured Steel Handle:
Ergonomically designed to provide excellent grip and control during operation versatility and ergonomics.

EXPERIENCE THE DIFFERENCE — BUILT FOR PROFESSIONALS WHO DEMAND THE BEST!
