

15" NAVIGATOR 5™ GLACIER TREK CLEATS OVERBOOTS - INSULATED - BLACK - L

Product # **N5P3G-L** | Model #

The Navigator GT Series insulated overshoes are designed to be worn right over your everyday footwear and are made from advanced materials to provide an extra level of durability, protection, and performance when operating in the most extreme conditions. The tough yet lightweight 840 denier nylon material is water and wind resistant to provide maximum protection against wind, rain while the premium grade insulation provides warmth and comfort even at -20°F. Glacier Trek™ outsoles are embedded with 32 replaceable stainless-steel spikes per pair to provide unparalleled traction and grip and come complete with expandable gators to bring the boot height up to 20" for enhanced coverage.

- Made with advanced materials to provide a tough barrier between your everyday footwear and the harsh elements of nature
- Tough yet lightweight 840 denier nylon upper is water and wind resistant to provide maximum protection against wind, rain, and snow
- Made with an extra wide gusset for easy on and off over work boots and shoes
- Premium foam insulation keeps you warm in frigid temperatures down to -20°F
- Multi-directional rugged outsole provides maximum traction
- Made with replaceable stainless steel hardened spikes (32 per pair) for maximum grip and performance
- Built-in extendable gaiters unstrap to allow 20" of protection
- Hook and loop strap system combined with quick-release buckle and inner bootie deliver a secure and comfortable fit
- Lightweight construction helps prevent foot and leg fatigue with no bulky material to slow you down
- Multi-purpose design is orthopedic and snowshoe compatible and is ideal for work or recreation
