

4-PC MECHANIC'S PRY BAR SET

Product # 779220 | Model # JMPB-4S

These pry bars are rugged, dependable, and built to last no matter how extreme the application.

- Made with Chrome Molybdenum steel for maximum strength
- Extra large sizes for the most heavy duty applications
- Oversized bi-material handles provide exceptional grip and comfort and allow the use of both hands for maximum leverage
- "Go-thru" shank with steel end caps allow the pry bar to be struck with a hammer
- Angled tips provide extra leverage during use
