

4-1/2" STAINLESS STEEL NOZZLE BLOW GUN – SUPER HEAVY DUTY

Product # 409913 | Model # ABG-45SD

- Innovative design allows trigger control air flow for all types of jobs
- Nickel plated finish resist corrosion
- Body material is plastic polyoxymethylene (POM)
- Equipped with two hang up hooks
- 4-1/2" extended nozzle enables you to get into those hard-to-reach places
- Special design has significantly less air consumption while producing maximum air outflow at the tip
- Premium nylon body offers highest resistance to impact and change in temperature
- Corrosion resistant stainless steel nozzle and internal parts for longer life
- Trigger springs made from stainless steel, offer higher resistance to corrosion
- Soft rubber grip for convenience in continuous use
- Ergonomic design helps eliminate carpal tunnel syndrome
- Brass threaded air inlet ensures that threads do not shear with repeated use
- Variable speed trigger allows maximum air flow control
- Low noise level operation
- Meets OSHA safety standards
- Premium components and build quality ensure maximum life

TECHNICAL SPECIFICATIONS

Air Consumption	100 PSI : 5.3 cfm
Blowing Force	100 PSI: 0,35 kg (0.76 lb)
Noise Level	100 PSI: 80 dBA
Operating Pressure	50 – 235 PSI
Operating Temperature	-10°C to 70°C (14°F to 158°F)
