

# 4 LB X 12" COPPER HEAD INDESTRUCTIBLE HANDLE HAMMER - SUPER HEAVY DUTY

Product # 740560 | Model # USH-412C

- Spring steel rods encased in vulcanized rubber provide the ultimate striking tool handle
- Handle absorbs impact and vibration, reducing user fatigue
- Will not break, bend, or split even after repeated overstrikes
- Patented locking plate makes head separation impossible
- Provides unparalleled grip in all conditions and is resistant to most industrial chemicals
- Drop forged heads heat-treated to HRC 52-56
- Developed for the mining industry, these hammers are ideal for use in applications where a failure is more than just an inconvenience
- Lifetime Warranty
- Meets ANSI B107.400-2008 specifications
- Spring steel rods encased in vulcanized rubber provide the ultimate striking tool handle
- Handle absorbs impact and vibration, reducing user fatigue
- Will not break, bend, or split even after repeated overstrikes
- Patented locking plate makes head separation impossible
- Provides unparalleled grip in all conditions and is resistant to most industrial chemicals
- Heads drop forged from 99.9% pure copper for spark free use in explosive environments
- Softer copper heads will not mar struck objects
- Ideal for coal mining, oil and gas work and other potentially flammable or explosive applications
- Lifetime Warranty
- Meets ANSI B107.400-2008 specifications
