

9" LOCKING WELDER'S CLAMP

Product # 730559 | Model # J9R,

- Reverse Action release lever is easier to operate under pressure
- Locking nut secures jaw position for fast and easy set ups
- Exclusive ¼" square drive hole in adjustment screw allows use of ratchet or flex bar to increase clamping pressure for extra heavy-duty applications
- 100% Chrome Molybdenum construction for excellent strength and durability – much stronger than carbon steel handles used on other brands
- Stronger handle steel prevents rivet holes from enlarging over time, leading to rivet failure
- Exceeds ANSI requirements and industry standards
- You can't buy a better, stronger locking plier
