

# 3/16" AIR RIVETER – SUPER HEAVY DUTY

Product # 409007 | Model # AR316SD

- For maximum performance we recommend 90 PSI air pressure
- New production quality air riveter delivers a powerful pulling load of 2,600 lbs
- Can be used on aluminum, steel and stainless steel rivets up to 3/16"
- Specific components manufactured with high cost, super precise CNC deep hole drilling processes for extreme accuracy and tolerance
- Longer 20mm stroke sets rivets in one hit, increasing efficiency
- Integrated vacuum/exhaust system with a convenient adjustable switch allows operator to adjust mandrel retention and collection
- Designed with integrated spring and air return system for fast, reliable cycles
- Japanese NOK rubber gasket for longest tool life
- Specially designed "quick opening" collection bottle eliminates the need to remove bottle when emptying
- Includes 4 sizes of nose pieces for a wide range of uses
- Designed for production and heavy duty power riveting applications

**TECHNICAL SPECIFICATIONS**

Air Inlet (NPT)	1/4"
Average Air Consumption	5.5 cfm
Min. Hose Size	3/8"
Nosepiece	3/32" (2.4 mm), 1/8" (3.2 mm), 5/32" (4.0 mm), 3/16" (4.8 mm)
Product Weight	3.3 lb (1.49 kg)
Pull Force	2,600 lb
Rivet Capacity	3/16"
Stroke	0.78" (20 mm)
Vibration	2.5 m/s <sup>2</sup> , 2.5
