

SUPER-HEAVY-DUTY JOBSITE TOOL STORAGE BOX - 48" X 24"

Product # 842481 | Model # JSB-4824

Super-heavy-duty jobsite tool storage boxes offer the functionality that you expect with the security that you demand. Built to last in the most extreme conditions, the versatile design offers ideal tool and equipment organization and storage, so you're ready for the project ahead.

- 16-gauge steel body and lid provides industrial-style strength
- High-security design includes staked and welded piano hinge and dual recessed lock housings
- Overlapping lid prevents leaks and features full-width reinforcing bolster for added strength
- Features cord pass-through with rubber grommets for secure overnight charging of tools
- Heavy-duty gas spring provides easy opening and prevents accidental lid slamming
- Hi-vis orange powder coat paint provides superior scratch and corrosion resistance
- Skids are predrilled to accept optional 6"x2" industrial grade casters
- 12-gauge 4-way skids allow near 360° access for quick and easy transport
