

# 1/2" DRIVE COMPOSITE SERIES MINI IMPACT WRENCH – HEAVY DUTY

Product # 400226 | Model # AW500CCQ

- Produces 300 ft/lbs of torque in reverse
- Ultimate power in reverse maximizes removal of stubborn rusted nuts
- Super strong state-of-the-art mini composite body allows access into tight spaces
- Incredibly lightweight – only 2.6 lbs!
- Quiet Series: low noise only 83 dBA
- “Push Through” Forward / Reverse control conveniently allows one hand directional change
- Twin hammer mechanism provides more power and smooth, balanced impact blows for reduced vibration
- Ergonomic handle shaped to fit the operator's hand: Features finger grooves for comfort and control
- Exceptionally well balanced tool for comfort and ease of handling
- Muffled handle mounted air outlet adds to operator comfort and safety
- Air inlet screen for extended motor life
- A professional tool for professional users. Ideal for all automotive, industrial and farm service applications, especially in confined spaces and/or where reduced noise is desirable

**TECHNICAL SPECIFICATIONS**

|                          |                      |
|--------------------------|----------------------|
| Air Inlet (NPT)          | 1/4"                 |
| Average Air Consumption  | 4 cfm                |
| Free Speed               | 11,000 RPM           |
| Max. Torque - Forward    | 300 ft-lb            |
| Max. Torque - Reverse    | 320                  |
| Min. Hose Size           | 3/8"                 |
| Overall Length           | 6"                   |
| Product Weight           | 2.6 lb (1.17 kg)     |
| Sound Pressure           | 83 dBA               |
| Square Drive             | 1/2"                 |
| Standard Bolt Capacity   | 5/8"                 |
| Vibration                | 3.9 m/s <sup>2</sup> |
| Working Torque - Forward | 250 PSI              |
| Working Torque - Reverse | 300 PSI              |
